Prepare Before the Interview

Before conducting the interview, research the person and their industry. Prepare thoughtful questions that will elicit detailed responses. This preparation will make your report richer and more informative.

Take Detailed Notes

During the interview, take clear and organized notes. If possible, record the conversation (with permission) to ensure accuracy. This will help you capture important points you might otherwise miss.

Write Clearly and Concisely

Use clear language and avoid jargon unless necessary. The goal is to make the report accessible to anyone who reads it, whether they are familiar with the field or not.
